**NEWS CONFERENCE AND STUDENT RALLY TO BE HELD
ON MONDAY, SEPTEMBER 30**

★ ★ ★ ★

NEWS CONFERENCE: 11:00 AM
Raleigh Office Building, 10th Floor Conference Room, 5 W. Hargett St., Raleigh

STUDENT RALLY: 2:00 PM

UNCCH School of Public Health, Murphy Hall, Room 111

Demonstration of the first stage
of Yogic Flying to create
coherence and reduce stress in
national consciousness

WHAT DO CRIME PREVENTION, natural medicine, sustainable agriculture, renewable energy techniques like Yogic Flying have to do with government?

"They have everything to do with government. They are all scientifically proven programs that are shown to reduce stress and violence and health and prosperity of the individual and the nation as a whole," says Victor Pardo, U.S. Senator in North Carolina with the Natural Law Party.

The Natural Law Party is America's fastest growing grassroots party and will be on the ballot in 48 states.

Victor Pardo will join NLP Governor Jim Van Witt, 4th District, and Russell Wollman, at the Triangle at a news conference in Raleigh and again at the UNCCH to present an overview of the demonstration of Yogic Flying.

Yogic Flying is one of the programs supported by the Party that have been shown by extensive research to reduce stress and promote the health of individuals and society.

- The Natural Law Party's platform includes:
- Natural health care programs to prevent disease, promote health, and significantly cut costs;
 - Natural, sustainable agriculture practices to increase crop yields and profitability without hazardous chemical fertilizers and pesticides;
 - Effective, field-tested community development and crime prevention programs;
 - Renewable energy production and energy conservation;
 - Lowering taxes responsibly through cost-effective solutions to problems, rather than by cutting essential services;
 - Developing the inner creative genius of the student and reducing students' desires for drugs;
 - Reducing government waste and special-interest control of our politics.

Al Gore did the Macarena at the National Democratic Convention. Maybe Jim Hunt could try a little yogic flying at the inaugural ball. It's guaranteed to reduce stress, and, well, Jim may need a little lift after a grueling campaign. Who knows, with the governor behind it, this yogic flying might just take off. The Natural Law Party could accomplish through administrative action what it failed to do at the ballot box. We can see it now — a crime free society, SAT scores higher than Iowa's, state employees levitating over to our offices with memorable memos that were actually funny. Yes, the world would be an almost perfect place.
