1-800-263-2814 for hot line to Tony Z.

Dear (name withheld),

When you invest, or when you wager, you do so to win.

The rationale is that simple. But as you know, recognizing potential winners and subsequently investing or wagering properly is not as easy.

I'll leave the investment side up to you. However, for consistently accurate sports wagering, I'd like you to try my picks on a regular basis to make the most of your sports betting opportunities.

My name is Anthony. I'm known to friends and clients alike as Tony Z. I am a professional sports wagering consultant covering all sports, including pro and college football, pro basketball, major league baseball and boxing.

My clients come to me for two very important reasons:

- I pick winners more consistently than they can do on their own.
- I do the research, the legwork, and follow-through on all the teams I cover and games I pick. It's the day-to-day coverage of the details, some big, many small and unnoticed by most, that allows me to achieve a winning edge with frequency.

If picking winners matters to you, I'd like you to phone today.

- My number at 900-976-UWIN (900-976-8946) provides winning picks 7 days a week, 24 hours a day
- Or, you can visit my new web site at www.rapidwinners.com, where I encourage you to log on to my FREE PICKS and Golden Circle Selections at any time.
- You can call me personally, Tony Z., during daytime hours coast to coast at 1-800-263-2814. I advise up front that first callers have the best bet to start the day on a winning track.

I talk to my subscriber clients one-on-one to answer questions and provide recommendations — so they can have a more successful season. My rates are reasonable, competitive and well worth your effort before you make your bet.

Call me today or log on to www.rapidwinners.com. All I ask for is one opportunity to provide you with winning picks. I know and trust that I can service you in reliable, timely, and winning fashion.

Thanks for your time. I look forward to hearing from you.

Sincerely,

Tony Z.
Tony Z.

P.S. Why go through the time, trouble and anxiety over picking winners, when you can have a pro do it for you? To prove my validity, all my paid daily selections are posted on our web site approximately one hour after games start.
